FALL 2018 HUNTON TRANE AIR CONDITIONING CLINIC SERIES

Every Wednesday
September 5th through November 7th
6:00-8:00 PM

Seating is limited to the first 40 respondents

The Trane A/C Clinic is a 10-week basic course in air conditioning theory and practice.

The course is for anyone new to the industry, active in air conditioning, or someone who's never had formal instruction in the basic principles, and it's a good refresher course for service managers and supervisory personnel, too.

Topics:

- Refrigeration Cycle & System
- Psychrometrics
- Cooling & Heating Load Estimating
- A/C Chiller Application Basics
- DX Equipment Design & Application Basics
- Air Conditioning Fans
- Variable Air Volume
- LEED Points for A/C Systems
- Water-Cooled Centrifugal & Helical Rotor Chillers (Screw)
- Microelectronic Controls

Each participant will receive the following materials:

- Clinic Outline and Lesson Plan
- Complete Set of Clinic Course Booklets
- Trane Ductulator and Psychrometric Chart
- Refreshments will be served at each session.
- Clinic completion certificates will be awarded to each student who attends at least seven of the 10 sessions.

Question and/or concerns, please contact Leslie Hendrex
 713-328-3752 (direct), lhendrex@huntingroup.com
